

HOISTING SERVICES AND SOLUTIONS

Safety >> Quality >> Expertise

 **E.HELAAKOSKI OY**

To the top of the field with solid experience

E. Helaakoski Oy is a Finnish expert in hoisting services and solutions. We have decades of experience in the field and have consolidated our position among the leading hoisting service companies in Finland. We offer our customers a wide range of comprehensive hoisting services from planning to implementation. Projects are our special area of expertise.

We are a growing company with plans for internationalization. In addition to Finland, we also operate in the Nordic countries. We have formed long-term customer relationships, which have also helped us in rising to the top of the field.

A successful project is our top priority

We provide our customers with all kinds of comprehensive hoisting services from planning to implementation. We have an extensive selection of modern equipment, which allows us to carry out projects even in demanding conditions.

We are constantly embracing new challenges, and our customers can reach us around the clock. Our professional staff will manage all projects efficiently and on schedule, no matter the location or the size of the project.

>> We serve you
24 h/every day

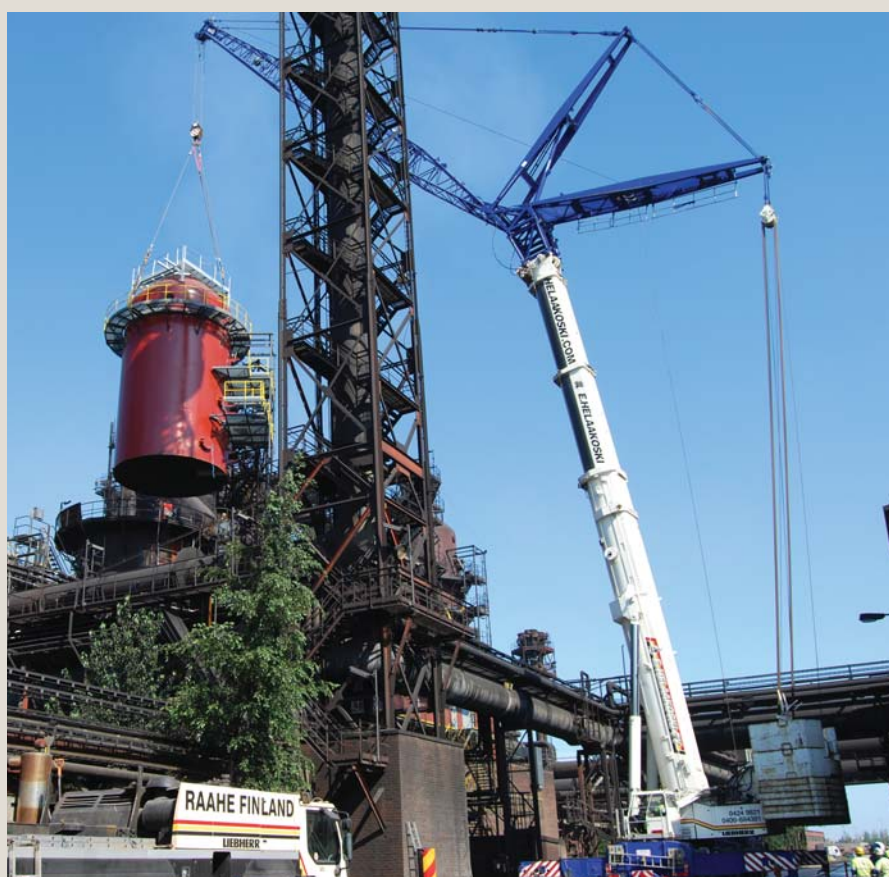

Our modern equipment keeps us one step ahead

Our wide selection includes the best and most modern machines in the industry from cranes to aerial work platforms, telehandlers and trucks. We offer you solutions for all kinds of lifting needs, and we constantly update our equipment to face the new challenges in the industry.

When making new acquisitions, we always consider the environment carefully.

Safe lifting

All our operations are designed and managed with safety in mind. Our projects are carried out reliably, flexibly and with unquestionable expertise. We also follow a quality management system, which guarantees the success of the lifting works.

We are always striving to work according to the principles of sustainable development. This is true both for environmental issues and for keeping our personnel in good health and their skills up-to-date.

Prerequisites for growth

We are constantly developing our operations, and we aim to provide our customers with ever more flexible, effective and versatile hoisting services. In the future, we have plans to continue and intensify the expansion of our operations in the international markets.

>> Our projects include, for example:

- Oulu, Laanila eco-power plant
- Raahe, Rautaruukki
- Raahe Laivakangas, Gold mine
- Kouvola, Tervaskangas
- Sodankylä, Kevitsa
- Kuusankoski, UPM Kymi
- Tornio, Outokumpu
- Kiruna, Pellet factory
- Pietarsaari, UPM
